

## **COOKIESTATEMENT VERSIO B.V.**

On this website, we use cookies. Cookies are text files containing small amounts of data sent from the pages of this website and downloaded by your browser to your hard disk. Cookies are then sent back to the originating website with each subsequent visit.

### **Google Analytics**

By visiting our website, a cookie from the American company Google is placed on your computer as part of their “Analytics” service. We use this service to retain and obtain information on how visitors use our website. Google may be forced by law to supply information to third parties, or third parties may process the information on Google’s behalf. That is outside of our control. We don’t allow Google to use the obtained information on analytics for other services of the Google company. We make sure that the information, which is being collected by Google, is rendered as anonymously as possible. Your IP-address will by no means be provided. The information is transferred and saved to Google servers in the United States. Google states it will adhere to the Safe Harbor principles, and is associated with the Safe Harbor program of the US Department of Commerce. This ensures an adequate level of protection when processing any personal information.

### **Social media buttons**

Our website contains buttons to promote (“like”) or share (“tweet”) web pages on social networks like Facebook, Twitter, and LinkedIn. The way these buttons work is via small pieces of code provided by the social media platforms themselves, which are used to place cookies. This is outside of our control. Please read the privacy statements provided by Facebook, Twitter, LinkedIn, and Google (which are subject to regular changes) to find out how they process your (personal) information obtained by using these cookies. The information they collect renders individuals as anonymously as possible. It is transferred to Twitter, Facebook, Google+, and LinkedIn, and saved on servers in the United States. LinkedIn, Twitter, Facebook, and Google+ state they will adhere to the Safe Harbor principles, and are associated with the Safe Harbor program of the US Department of Commerce. This ensures an adequate level of protection when processing any personal information.

### **Right to perusal, correction, and removal of your personal information**

You have the right to ask for perusal and correction or removal of your personal information. For more information, please visit our contact page. To prevent misuse, we might ask you to adequately identify yourself. When it comes to accessing personal information linked to a cookie, you must send a copy of the cookie to us. This information is found in your personal browser settings.

### **Activating, deactivating, and removing cookies**

More information on activation, deactivation, and removal of cookies is found in the instructions and/or the help-function in your browser.
